Attendance

The Department of Education classifies attendance into four categories

- Regular - 90% or more
- Indicated - 80-89%
- Moderate - 60-79%
- Severe - Less than 60%

Every child's attendance is calculated daily and updated so teachers, principals, regional office staff and central office have access.

Overall attendance for the school is calculated as a percentage daily. Each semester the attendance needs to be "signed-off" by the principal. Sadly, our attendance level for semester one was just 69%.

Every student, every classroom, every day...

This means:

Attendance = Achievement.

In Primary School we build the foundation for future learning. Having your child at school every day makes a BIG difference to their growth over time.

Attendance grading:

- Unauthorsied absences - you have not told us why your child is absent.
- Authorised absences - you have told us why your child is absent.
- A planned absence - Parents are expected to have the principal's permission before taking extended time out of school.

Your child deserves the best possible education - we do expect to see your child every day school is open.

Success happens when we all commit.
Thank you for your support in this matter.
Karen

H5 Bird Flu (Avian Influenza) – Community Information

Australia has recorded its first detections of highly infectious H5 bird flu in wild seabirds, including several detections in Western Australia. There have been no detections in poultry and the risk to people remains low.

Please be reminded not to handle sick or dead birds or marine mammals. If you observe affected wildlife:

- **Avoid touching or handling the animal.**
- **Record the location and, if safe to do so, take photographs or a short video.**
- **Report sightings to the Emergency Animal Disease Hotline on 1800 675 888.**

Those working with or caring for birds should ensure good biosecurity practices, including preventing contact between wild birds and domestic birds, maintaining clean feeding and watering equipment, and practising good hand hygiene.
